adesivi e sigillanti

&

formulation

application

europaean adhesives & sealants

Applications

- Raw materials for adhesives
- Adhesives for packaging
 - Manufacturing of biobased adhesives
- Adhesives for wood
- Adhesives for building
- Adhesives production process
 - Adhesives for marine
 - Adhesives for automotive
 - Adhesives for aerospace
- Adhesives for industrial use and other applications.

EDITORIAL PROGRAMME

In 2026 the magazine will focus much more on these topics

Company Profile of Coatings Manufacturers

PFAS-free products

Titanium Dioxide and Melamine

High temperature resistant coatings

New formulations of smart coatings

Interior/exterior residential construction

Powder coatings: uses and characteristics

Reflective and cool roof products for construction

Hi-tech products for interior and exterior use in the naval and container industry

Nanostructured protective and waterproofing products for wood, marine, cruise ship, and automotive applications

EDITORIAL PROGRAMME

Topics we will address during 2026

-  1 We will assess the environmental impact of products, and to support this, we will focus on the functionality of bio-based products developed by the market.
-  2 Latest developments in the powder coatings industry for various application sectors, their performance and environmental sustainability.
-  3 Primers, coatings, and processing techniques for protecting and finishing of polymer-based structures for plastics, composites, engineering plastics and other materials.
-  4 Which products are at risk in our formulations?
-  5 In the production process, new low-emission, energy-efficient systems and machinery for the production of paints and other products.
-  6 What is true and comparable in the field of the quality of water-based products compared to solvent based coatings? We will update you throughout the year.
-  7 Printing inks characteristics with performance that ensures print stability. Special attention is paid to all products used as barrier coatings for the food industry.
-  8 Focus on products for building finishes and renovations. For improved energy efficiency, we highlight the performance of cool roofs, reflective products, and other products.

EDITORIAL PROGRAMME

9

New raw materials for the formulation of high-tech products using graphene, carbon, nanomaterials, hybrids, smart coatings, and an update on the state of next-generation materials.

10

Adjustments relating to the disposal of dangerous and highly polluting products.

11

Research on wood finishes. If wood is organic, do we have coating products that respect its nature? We'll tell you more later this year..

12

Recovery and recycling of manufacturing waste for reuse as secondary raw materials.

13

What performance has been achieved by the research on intumescent, flame-retardant, fireproof, and other fire-resistant products? We will discuss the relevant products and standards.

14

Updates on the regulations of various European and international legislative bodies.

15

What innovative methods and products are used against corrosion in various sectors, with particular attention to the naval industry.

16

Performance of paint products used in the finishing of containers for various uses such as food, beverages and sensitive materials.

ISSUE N° 1 JANUARY/FEBRUARY

Raw materials and finished products for the sectors:

- Building
- Anticorrosion
- Metal
- Packaging

FOCUS SU:

- Resins
- Various and PFAS-free additives
- High bio content polymers
- Pigments
- Bisphenol A-free protective coatings
- Powder coatings
- Anticorrosive coatings
- PFAS-free coatings
- Nitrocellulose-free inks

Trade fairs

Central Asia Coatings Show

28 – 30 January
Astana, Kazakhstan
www.centralasiacoatingsshow.com

Pipeline Coatings 2026

10 – 11 February
Vienna, Austria
www.ami-events.com

53rd Annual Waterborne Symposium

8 – 13 February
New Orleans, Florida, USA
www.waterbornesymposium.com

PaintIndia

19 – 21 February
Bombay, India
www.paintindia.in

Regulations: REACH, CLP, Biocides

Plants and machinery: mixers, labelling machines, CO₂ abatement systems, dosing pumps

ISSUE N° 2 MARCH/APRIL

Raw materials and finished products for the sectors:

- Building
- Plastic
- Metal
- Wood
- Automotive

FOCUS SU:

- Polimers
- Various and PFAS-free additives
- Biocides
- Fillers
- Waterproofing coatings
- Flame retardant coatings
- Cool roof coatings
- Water-based coatings
- Self-healing coatings

Trade fairs

JEC World

10 – 12 March - Paris, France
www.jec-world.events

Eurocoat

24 – 26 March - Paris, France
www.eurocoat-expo.com

Middle East Coatings Show

14 – 16, April - Dubai, UAE
www.middleeastcoatingsshow.com

PaintExpo

14 – 17 April - Karlsruhe, Germany
www.paintexpo.de

Regulations: REACH, CLP, Biocides

Plants and machinery: automatic tinting systems, laboratory testing software, gloss and opacity software, container washing systems

ISSUE N° 3 MAY/JUNE

Raw materials and finished products for the sectors:

- Building
- Metal
- Wood
- Packaging

FOCUS SU:

- Polimers
- Additives
- Reflective pigments
- Polyols
- Decorative coatings
- Bio based coatings
- Barrier coatings
- Hydrophobic coatings
- Nitrocellulose-free inks

Trade fairs

American Coatings Show & Conference

5 – 7 May
Indianapolis, USA
www.american-coatings-show.com

Surface Technology Germany

5 – 7 May
Stuttgart, Germany
www.surface-technology-germany.de

TURKCOAT

27 – 28 May
Istanbul, Türkiye
www.turkcoatistanbul.com

Biobased Coatings Europe 2026

10 - 11 June
Düsseldorf, Germany
www.acieu.net

Coatings Science International Conference

22 – 25 June
Noordwijk, The Netherlands
www.coatings-science.com

Coatings for Africa

24 – 26 June
Johannesburg, South Africa
www.coatingsforafrica.com

Regulations: REACH, CLP, Biocides

Plants and machinery: software for laboratory tests, dispersion systems and machines, paint production plants

ISSUE N° 4 JULY/AUGUST

Raw materials and finished products for the sectors:

- Building
- Wood
- Marine
- Polyurethanes

FOCUS SU:

- Resins
- Pigments
- Biocides
- Fillers
- Protective coatings
- Decorative coatings
- Flame retardant coatings
- Cool roof coatings

Regulations: REACH, CLP, Biocides**Plants and machinery:** storage and dosing systems, mixers, dosing pumps

ISSUE N° 5 SEPTEMBER/OCTOBER

Raw materials and finished products for the sectors:

- Building
- Anticorrosion
- Metal
- Packaging

FOCUS SU:

- Resins
- Various and PFAS-free additives
- High bio content polymers
- Pigments
- Protective coatings
- Powder coatings
- Anticorrosive coatings
- PFAS-free coatings
- Nitrocellulose-free inks

Trade fairs**EUROCORR 2026**

6 – 10 September
Dublin, Ireland
www.iom3.org

Paint & Coatings

21 – 22 October
Milan, Italy
www.paint-coatings.it

Regulations: REACH, CLP, Biocides**Plants and machinery:** CO₂ abatement systems, mixers, container washing systems, software for laboratory tests

ISSUE N° 6 NOVEMBER/DECEMBER

Raw materials and finished products for the sectors:

- Building
- Wood
- Automotive
- Polyurethanes

FOCUS SU:

- Polimers
- Additives
- Recycled chemicals
- Biocides
- Automotive coatings
- Barrier coatings
- Decorative coatings
- Polyurethanes
- Self-healing coatings

Trade fairs**Chinacoat 2026**

11 – 13 November
Guangzhou, China
www.chinacoat.net

Regulations: REACH, CLP, Biocides**Plants and machinery:** Paint production systems, tinting systems, dosing pumps

EDITORIAL CONTRIBUTIONS

Pitture e Vernici-European Coatings, was born in 1924 as a support to chemical formulators involved in the production process of coating products, construction chemicals, adhesives and sealants, printing inks and related products.

The magazine offers an overview on the use of the main raw materials for the formulation. Throughout these last 102th years the magazine has reached an international circulation of 6,500 copies, printed on paper and over 56,000 online copies distributed all over the world.

The Editorial Programme could be changed depending on new events or on the technical committee's decisions.
